

6th July 2018

Dear Parent/Carer,

I am very pleased to inform you that your child has been nominated to take part in a Physics competition which will be held at Stockton Sixth Form College on Friday 13th July. The students chosen have worked collaboratively in the school and produced an experimental theory that they will present to judges at the college alongside other schools.

We will be leaving the academy at 1.30pm, travelling by coach for the competition. Guidance from the college suggests that the competition should finish at around 4.00pm. Students should arrive back at the Academy at approximately 4.15pm. Please indicate below if you will be picking your child up from the academy or if they can walk home on their own.

In order for your child to attend this trip, the consent form must be brought into school with an emergency contact detail and an indication of how they are getting home from the Academy.

Yours faithfully,

Miss Sonia Kumar

Teacher of Science

Visit to Stockton Sixth Form College – Friday 13th July 2018

Student name.....
